An Edelmann Tester
For Every PURPOSE and PURSE

IF you are interested in the finest anti-freeze tester that money can buy—we have it. If your budget is limited—we have an instrument to fit your pocketbook. But whatever tester you choose you can be certain of one thing—accuracy and durability are guaranteed to be unexcelled. In addition to the instruments illustrated on this page Edelmann features a complete line of individual testers that are made to test one solution only, such as Zerex, Zerone, "Prestone" brand ethylene glycol, Alcohol, Methanol or Trek Anti-Freeze. Regardless of whether you want to test 101 different solutions with one instrument or specialize in a single brand of anti-freeze we have a tester at the price you want to pay.
